

# Maine Flying Trail

Fly to any five of Maine's participating airports by October 31, 2011 and receive two Maine Lobsters from Long Reach Shellfish Company in Brunswick!

## Participating Airports

1. Augusta State Airport (AUG)
2. Auburn/Lewiston Municipal Airport (LEW)
3. Bangor International Airport (BGR)
4. Bar Harbor Airport (BHB)
5. Brunswick Executive Airport (BXM)
6. Fryeburg Airport (IZG)
7. Greenville Municipal Airport (3B1)
8. Lucky Landing Seaplane Base (O6B)
9. Naples Airport (5ME)
10. Old Town Airport (OLD)
11. Portland International Jetport (PWM)
12. Sanford Regional Airport (SFM)

Here's how to participate:

1. Print the Maine Flying Trail Passport.
2. Fly to and land at any five participating airports by October 31, 2011.
3. Receive stickers from FBO. Receipts for fuel, restaurant, and charts from airport can be substituted if unable to obtain a sticker. If unable to obtain any, logbook entries can be substituted.
4. Bring Passport with verification of five participating airport landings to Brunswick Executive Airport: by October 31, 2011 and receive two free lobsters from Long Reach Shellfish Company.
6. Pilots must be PIC to receive credit. All pilots will be asked to verify their trips with their logbooks. Only one Passport redemption per pilot.
7. It is strongly suggested you call ahead to FlightLevel Aviation (207.406.2081) to let them know you are coming to redeem your lobsters.

Sun: 10:00am - 4:00pm

# Fly and land at these Participating Airports

## Augusta State Airport (AUG)

Maine Instrument Flight (MIF) has been located at the Augusta State Airport since 1946. We provide flight training from introduction to Airline Transport Pilot. Our technicians can maintain most aircraft models with special emphasis on Beechcraft. We also have three, all-weather, Beechcraft Barons available for air charter around the U.S. and Canada. The Capitol's airport offers a wonderful restaurant, Sweet Chilli Thai. MIF offers full FBO services (including conference room rentals) and comfortable pilot waiting areas. We're open 7 days a week and look forward to seeing you!

## Auburn Lewiston Municipal Airport (LEW)

Twin Cities Air Service is conveniently located in Central Maine. We are a full service FBO, also offering charter services, a/c maintenance, hangar rentals and scheduled flights between Portland, ME & Yarmouth, Nova Scotia.

## Bangor Aviation Services (BGR)

Welcome to BGR! From complete ground service and refueling, to passenger services and more, BGR is your general aviation headquarters. Bangor Aviation Services offers a host of pilot services, great ground transportation, and there's even a hotel right on site. You can rely on BGR to be available 24 hours a day for refueling, servicing, federal inspection, passenger services and other transit needs. Services include pilot lounge, quiet room, weather/flight briefing room, satellite TV, executive conference room, kitchen facility and much more.

Bangor Aviation Services is pleased to offer \$.20 off per U.S. gallon for both Jet A and AVGAS fuel for pilots participating in the Maine Flying Trail program.

## Bar Harbor (BHB)

Located in the heart of "Down East" Maine, Columbia's facility at Bar Harbor is a popular destination, especially in the summer months when it serves the evergrowing tourist traffic. This facility includes a 6,400 sq. ft. and a 3,200 sq. ft. storage hangar; a 5,880 sq. ft. maintenance hangar and a 3,844 sq. ft. office and shop area. We are a full service FBO as well as factory-authorized service center for Diamond, Piper, Mooney, Cirrus, Thielert, and EADS Socata TBM. Home to Acadia National Park and some of the best "lobstah" around, the region boasts a spectacular shoreline and everything that goes with it. Contrary to popular folklore, you CAN "get theyah from heeah."

## Brunswick Executive Airport (BXM)

Located at the closed Naval Air Station Brunswick, the Brunswick Executive Airport is the newest civilian airport in Maine. Conveniently situated in the Midcoast region of Maine, pilots will enjoy breathtaking views of beautiful Maquoit Bay. The state-of-the-art airport is equipped with twin 8,000 foot runways, 650,000 square feet of hangar space and maintenance facilities, over 103 acres of taxiways and aircraft parking space, and a new instrument flight system fully compatible with FAA standards. FlightLevel Aviation (FBO) is ready to meet your flying needs when you land at BXM. Contact them at: 207.406.2081.

## Fryeburg Airport (IZG)

Western Maine Aviation, LLC is the new FBO at Eastern Slope Airport (IZG) in Fryeburg, Maine. We are a full service FBO with the best service available. Any plane that can fly in, we can take care of it. The flight school is using a Cessna 172 with a Garmin 430 with WAAS and a PA-12 for tailwheel training that goes on floats during the summer months at the Brandy Pond Seaplane Base (5ME) in Naples. Meet all the employees at: [www.westernmaineaviation.com](http://www.westernmaineaviation.com). Contact them for scheduling or any questions at 207-935-4711, or [info@westernmaineaviation.com](mailto:info@westernmaineaviation.com).

## Greenville Municipal Airport (3B1)

Greenville Municipal Airport is a public airport located two miles east of the central business district of Greenville, a town in Piscataquis County, Maine. It is owned by the Town of Greenville. It is also near the famous Greenville International Seaplane Fly-In, and is used by many non-float planes who attend the Fly-In.

**Lucky Landing Seaplane Base (O6B)** is a privately-owned, public-use seaplane base located seven nautical miles (13 km) north of the central business district of Bangor, a city in Penobscot County, Maine. It is located on Pushaw Lake.

## Naples Seaplane Service (5ME)

Naples Seaplane Service, Inc., at 5ME has a great flight school using two PA-12s. One is on amphibious floats and the other is on straight floats. Seaplane students are filling up the calendar for the upcoming season. Coming to Naples and spending time with their families while getting a seaplane rating is fun for all. [www.naplesseaplane.com](http://www.naplesseaplane.com). Contact them at [mbuild@fairpoint.net](mailto:mbuild@fairpoint.net) or 207-693-5138.

## OldTown Municipal Airport & Seaplane Base (OLD)

Nestled just above the metropolitan center of Bangor, Maine lies a jewel of an airport known as Dewitt Field. New infrastructure is in place to support a modern airport business park. The Seaplane Base provides docking and on demand fueling and is directly attached to the airport, allowing amphibious aircraft to taxi right up the ramp. The seaplane base is a prime "picnic" destination, with access to canoes and fishing. Carter Aero Works provides aircraft maintenance services, flight instruction and aircraft rental to the Bangor region and outlying airports. Carter Aero is proud to provide assistance and advice to homebuilders, and offers engineering and design services for aircraft structure and systems,.

## Portland International Jetport (PWM)

Northeast Air is a cornerstone of the Portland Jetport with extensive capabilities offered at our FBO facility. In addition, our group company Pro Star Pilatus, is the Northeast dealer for the amazing PC-12 which is currently the worlds best selling and most efficient business aircraft. Our FBO at the Jetport welcomes transient pilots with warmth and courtesy and provides crew cars for trips to the beautiful waterfront restaurants of downtown Portland. We look forward to seeing you soon!

## Sanford Regional Airport (SFM)

Your gateway to southern Maine's beautiful beaches and coastal communities. Land at our 6,400 ft. or 5,000 ft. runways and experience the hospitality of our FBO, Southern Maine Aviation, with competitively priced full serve or self serve Avgas and Jet-A. Enjoy a delicious breakfast or lunch at the Cockpit Café (try the lobster omelet) overlooking our beautifully landscaped patio and airport. Stay for a few days - we'll make it easy! Your rental car can be waiting for you on the ramp. Southern Maine Aviation is open 7 AM to 7 PM, seven days a week to serve all your aviation needs.
